CELANESE ANNOUNCES ENGINEERED MATERIALS PRICE INCREASES

DALLAS (May 5, 2025) – Celanese Corporation (NYSE: CE), a global specialty materials and chemical company, will increase prices for a range of products and wishes to provide our customers context for our decision and appropriate notice for planning purposes. Given the dynamic conditions of global trade, Celanese is uniquely positioned to actively manage our global and regional operations to support our valued customers around the world with enhanced supply continuity. These price increases are associated with, among others, heightened costs of product movement and inventory repositioning, plant operational expenses, changing trade regulations, and raw materials. The price increases will be effective on June 1, 2025, or as contracts otherwise allow. Additionally, individual grades may be subject to higher increases than specified below.
