If you have any questions or feedback, please contact your local Star Plastics representative or reach out to us at 304.273.0352, sales@starplastics.com and Ashley.gao@starplasticssh.com

Ocean Bound Plastics Recycled

Plastic waste found within 50 km of an ocean coastline, including rivers, where no municipal or alternative diversion pathway for plastics is available within 100 km of the radius of the site. Note: the site could be a coastline, river, manufacturing facility, store, family, school, etc.

We work with OEMs and product manufacturers to develop innovative products that transform Post-Consumer Recycled (PCR) materials and Ocean-Bound Plastics (OBP) into consistently high-quality composites.

FIRST SUPPLIER TO LAUNCH PCR PRODUCT IN INDUSTRY BACK IN 2007

- To Raise awareness of the dangers of ocean plastic pollution
- To protect the ocean eco-system
- To enhance the brand image

Material Type	UL 94	Grade #	OBP %	PCR%
PC, PCPET	V0/0.8mm, HB/1.5mm	PC305e, PCFR995e , FR630e	5%-30%	20%-85%
ABS	HB/1.5mm	ABS405e	5%	80%
PCABS	V0@1.5mm/HB@0.8mm, V0/0.8mm	PCABS475e/476e/478e, PCABSFR755e, PCABSFR555e...	5%-10%	45%-70%
